EXPERIENCE

IBM SKILL build

AP, India

Frontend Development Intern

5/2023- 6/2023

- Mentored 2 fellow interns on front-end development best practices, resulting in improved code quality and a 15% reduction in debugging time for their projects.
- Developed and implemented responsive user interfaces using HTML and CSS for projects like the Parallax website (achieved a 90% average user satisfaction rating in internal testing).
- Utilized VS Code for efficient code development and debugging, contributing to a 30% increase in team productivity during the internship.

PROJECTS

RazorPay Clone (HTML, TailwindCSS)

- Built an interactive portfolio showcasing my web dev skills with HTML, CSS & JS. Visitors can explore projects and contact me.
- Leveraged Tailwind CSS for rapid UI development, boosting my efficiency by 20%.

FitClub Website(HTML, CSS)| ([Link](#))

- Developed FitClub, a website for a fitness centre. It boasts a captivating, responsive design with a modern, minimalist theme, built entirely with HTML & CSS.
- Deployed FitClub on Netlify for seamless user access, showcasing my web development skills and commitment to user experience.

ACHIEVEMENTS

- Achieved highest CGPA of 9.15/10.00 in the first semester of college.
- Enhanced my web development skills by completing a Web Development Certification program from CodeHelp, gaining proficiency in HTML, CSS, and JavaScript frameworks.
- Led a team of 6 members in planning, organizing, and executing a health and hygiene campaign in government schools.
